

Youth4Music Project Proposal

Project Plan Gallery Walk

Participants of the 2019 Youth4Music Toronto Leadership Symposium are encouraged to prepare a Youth4Music Project Plan in advance of the symposium, to share during an interactive poster presentation.

Your poster presentation can be as simple or as elaborate as you wish! All you need is a visual representation of your project idea. This could be a collage of images, a list, a timeline, a thought web, or anything else you can think of - be creative!

Participants will have the chance to both walk around the “gallery” of project plans and ask questions, and to share their ideas with one another. We welcome project plans at any stage of development, whether it’s the very beginning of a project idea or it’s ready to launch!

Download the **[Youth4Music Project Plan documents below](#)**. We encourage you to contact Sharon at youth4music@coalitioncanada.ca with any questions or for support in developing your project plan.

We can’t wait to hear your ideas!
